

Sailors Over Rhinoceros Bay

Foxy Shazam

Well the hell kept whacking me down
Whack Whack Whack Whack
But the band they kept on playing
When the tide it hugged at her ankles
They had to roll their pants up to the shins
The Greedy Green
Greasy hands
Rusted elbows squeak
Squeak squeak squeak squeak
But the band they kept on playing
And there never going to STOP!!
And that's a fact

I know
One thing that is
and it ain't looking too good

He had 16 fingers on each of his hands
Just imagine how good he could play the baby grand
And the tide it hugged at her ankles
They had to roll their pants up to the shins
The Greedy Green
Greasy hands
Rusted elbows squeak
Squeak squeak squeak squeak
But the band they kept on playing
And they ain't never going to STOP!!

I know
One thing that is
and it ain't looking too good
