

The Rose

Foxy Shazam

You look like a freak, baby, when you talk to me, baby
I could set you up, ey
Better than you thought, ey

You could quit your day job, I could take a lay off
We're still getting paid
Life is what you make it

Someday someday I will find a way
To break through these thorns
So I can find a rose
And someday someday I will find a way
To break through these thorns
So I can find a rose
I can find a rose

You look like a freak, baby, when you talk to me, baby
I could set you up, ey
Better than you thought, ey

You could taste the rain now, I can make it rain now
We're still getting paid
Life is what you make it

Someday someday I will find a way
To break through these thorns
So I can find a rose
And someday someday I will find a way
To break through these thorns
So I can find a rose
I can find a rose
I can find a rose
I can find a rose
I can find a rose
I can find a rose
I can find a rose

Someday someday I will find a way
To break through these thorns
So I can find a rose
And someday someday I will find a way
To break through these thorns
So I can find a rose
I can find a rose
I can find a rose
Someday someday
I can find a rose
I can find a rose
I can find a rose
Someday someday
