

# Homeless

Foxygen

Lets talk about  
Mr. Ecstasy is likely homeless  
But you settle with me  
You see you outta be homeless  
That girls got a [?]  
Cause she just want to be home  
She just wants to be home  
Its safe to say it's all because of me

And I hide behind the alley  
And I hunch behind the stores  
Boys I'm practically homeless  
Faith in hella  
Jesus, close to my heart  
And the streets are filled with homeless minded people

And I just wanna be loved  
And then teach ya and then teach ya  
When I'm back from anesthesia  
I wanna teach ya wanna teach ya

Lets talk about you  
And the Christmas party you through  
For the homeless  
But it just stirred up some jealous love in paradise  
I don't mean to say your mean but you're not nice to them  
But what is nice? Nice like your armored eyes  
Shit harms the fireflies  
Spit, no I got it, I understand the argument  
But I'm not gonna lie, I like to lie
