Mona... I'm leavin...  
Cause I wait for so long...  
One of these days...

Mona  
Mona, I'm leavin  
So so long

Turn white today  
and U don't even see me cuz there's nobody there

Slidin' on the ice for so long  
Look because there's nobody there  
Because there's nobody there

Cuz Mona won't stop cuz the cops won't let her  
Mona wants a cherry but the bomb keeps ticking and the bomb's g  
una drop in  
The club if you let it  
Bombs guna drop  
AND THE bombs guna drop in the club if you let it Tonight  
There is no way In Hell they will ever get thru to you

Mona... Mona I'm crying...for so long  
Twice today

And you don't even see me 'cause there's nobody there  
Try to keep myself together for so long...  
DOUBLE TAKE because there's nobody there  
Keep myself together for so long  
Look because there's nobody there...  
Because there's nobody there  
Because there's no one in Hell who will ever get through to you  
No one in Hell who will ever get through to you  
There's no way in Hell they will ever get through to you  
No way in Hell they will ever get through  
To  
You
