

Moving On

Foy Vance

Well you first took me baby with the way you look
My sky fell and my earth shook
I'm still reeling from the time it took
For you, I'm moving on babe
I've never gotten suspicious 'bout the way you walk
The way you smile, the way you talk
Sounds naive but I never thought
You'd be moving on babe

Well you told me you wanted me
And you said you would be mine
Now you're gone and I'm older
[?]

I'm moving, I'm moving, moving on, babe
I'm moving, I'm moving, moving on, babe

Well you won't stop me baby, tell me what went wrong
I was your dancing, you were my song
I can't sing it, you've been gone too long babe
I'm moving on babe

Well you told me you wanted me
And you said you would be mine
Now you're gone and I'm older
[?]

Oh and you left me standing by an open door
Heart broken laying on the floor
I have pride, I can cry no more
I'm moving on baby

I'm moving, I'm moving, moving on, babe
I'm moving, I'm moving, moving on, babe
I'm moving, I'm moving, moving on, babe
I'm moving, I'm moving, moving on, babe
