

Blackout

Fozzy

I realize I missed a day, but I'm too wrecked to care anyway
I look around and see this face, what the hell have I lost my taste

Don't want to find out, just want to cut out
My head explodes, my ears ring, I can't remember just where I've been

The last thing that I recall, I got lost in a deep black hole
Don't want to find out, just want to cut out

Blackout, I really had a blackout

I grab my things and make my run, on my way out, another one
Would like to know before I stop, did I make it or did I flop

Don't want to find out, just want to get out

Blackout, I really had a blackout

Oh, ah, I really had a blackout, baby

Don't want to find out, just want to get out

Blackout, I really had a blackout

Blackout, I really had a blackout

Blackout, I really had a blackout

Blackout, I really had a blackout
