Elevator

Fozzy

Step inside
We're gonna take a ride
To the promised land
Heaven is in our hands

We've all been down
There's only one way out
'Cause when you're feeling low
There's only one way to go
I'm your elevator

So hold on tight and don't look down
As I lift your body off the ground
To the penthouse floor above the clouds
I'm your elevator
Hey, hey, hey
I'm your elevator
Hey, hey, hey, hey

We crawl through dirt
You know we've both been hurt
Put your faith in me
'Cause I've got the golden key
So wave goodbye
I'm gonna get you high
High above the crowd
Nothing can stop us now
I'm your elevator

So hold on tight and don't look down
As I lift your body off the ground
To the penthouse floor above the clouds
I'm your elevator
Hey, hey, hey
I'm your elevator
Hey, hey, hey
I'm your elevator
Hey, hey, hey, hey
Hey, hey, hey, hey

I'm gonna get you high
I'm gonna get you high
I'm gonna get you high

So hold on tight and don't look down
As I lift your body off the ground
To the penthouse floor above the clouds
I'm your elevator
Hey, hey, hey
I'm your elevator
Hey, hey, hey
I'm your elevator
Hey, hey, hey, hey
Hey, hey, hey, hey
