## Fractures

When I was young, I fell in love  
We used to hold hands, man, that was enough  
Then we grew up, we started to touch  
Used to kiss underneath the light on the back of the bus  
Oh no, your daddy didn't like me much  
Didn't believe me when I said you were the one  
Oh, every day she found a way out of the window to sneak out late

She used to meet me on the Eastside  
In the city where the sun don't set  
And every day, you know that we ride  
Through the backstreets of a blue Corvette  
Baby, you know I just wanna leave tonight  
We can go anywhere we want  
Drive down to the coast, jump in the seat  
Just take my hand and come with me, yeah

We can do anything if we put our minds to it  
Take your old life, then you put a line through it  
My love is yours if you're willing to take it  
Give me your heart 'cause I ain't gonna break it  
So come away, starting today  
We'll start a new life together in a different place  
We know that love is how all these ideas came to be  
So baby, run away with me

17, we got a dream to have a family  
A house, and everything in between  
And then, oh, suddenly, we turned 23  
And now we got pressure for taking our life more seriously  
We got our dead-end jobs and we got bills to pay  
Have our old friends are now our enemies  
Now I, I'm thinking back to when I was young  
Back to the day when I was falling in love

She used to meet me on the Eastside  
In the city where the sun don't set  
And every day, you know that we ride  
Through the backstreets of a blue Corvette  
Baby, you know I just wanna leave tonight  
We can go anywhere we want  
Drive down to the coast, jump in the seat  
Just take my hand and come with me, yeah

We can do anything if we put our minds to it  
Take your old life, then you put a line through it  
My love is yours if you're willing to take it  
Give me your heart 'cause I ain't gonna break it  
So come away, starting today  
We'll start a new life together in a different place  
We know that love is how all these ideas came to be  
So baby, run away with me

Run away, run away  
Run away, run away  
Run away, run away  
Run away, run away now

Run away, run away  
Run away, run away  
Run away, run away  
Run away, run away now...

You used to meet me on the Eastside  
In the city where the sun don't set
