

I won't continue living this life
Been wasting my time tryna blend in
Nothing's gonna change my mind
Sick of living in someone else's skin

(You won't change)
I'm tryin to
(You won't change)
I will

This thing is stuck to me
Now I don't need it
Wish you would let me be
So I can defeat it

I've tried living your way
Can we rewind to that old place
Sometimes, when I see your face
These landmines blow it away

I get this feeling
I got this feeling
That you'll go away

And I see you disappearing
And I've got this feeling
That you'll go away

I get this feeling
I've got this feeling
That you'll go away

You're disappearing
And I've got this feeling
That you'll go away
