

# The Way Down

Framing Hanley

Don't look back, don't fear the change that's comin'  
Spent your whole life runnin'  
Now, dig your heels in  
Battle-torn, but my head isn't hangin'  
I'll go down swingin', and you're the reason

You're used to excuses  
So I'll save some time for you  
Here's what I'm gonna do  
I'm gonna win your heart, whoa-oh

I could be your hero  
You could be my queen  
I'll be your knight in shinin' armor  
I'll be there fightin' for your honor  
I'm no Casanova  
This ain't some movie scene  
We could leave our cares behind us  
Go somewhere they'll never find us  
If my end comes defendin' your crown  
Kiss me on the way down

They'll reap what they've sown  
And we'll embrace the madness  
Then we'll raise our glasses  
And toast hereafter  
You and I had one hell of a ride  
History will show they tried  
But ended in disaster

As cruel as it sounds  
Sometimes it takes a fall from grace  
To really know your place  
And to know your worth, whoa-oh

I could be your hero  
You could be my queen  
I'll be your knight in shinin' armor  
I'll be there fightin' for your honor  
I'm no Casanova  
This ain't some movie scene  
We could leave our cares behind us  
Go somewhere they'll never find us  
If my end comes defendin' your crown  
Kiss me on the way down

C-c-c-color me shocked  
They've got us surrounded  
And now they're closin' in  
But, baby, don't be alarmed  
I got you, I got you  
She's wearin' diamonds and heart  
My queen is red with rage  
I'm ready to engage  
C-c-c-call off the guards  
I got you, I got you

And I could be your hero  
You could be my queen  
I could be your hero  
And you could be my queen  
Kiss me on the way down, way down  
Kiss me on the way, way down  
Kiss me on the way down, way down
