

Driving On The Wrong Side Of The Road

Franc Moody

I'm a fish out of water
I'm a pineapple on a sea of dough
I'm a full 240
But 120 is the way you flow
You flow
You flow
Is the way you flow

Cos I've been driving on the wrong side of the road for too long
g
And now it's time to go
I've been driving on the wrong side of the road for too long
And now it's time to go
Home

I'm a fish out of water
And I'm far from home
I'm a pie in a sweetshop
I'm your garden gnome
I'm a fool for your sweet charms
I'm a sucker for your taste
I'm a fly in a punch bowl
But I know my place

And I've been driving on the wrong side of the road for too long
g
And now it's time to go
I've been driving on the wrong side of the road for too long
And now it's time to go
Home

And now it's time to go
Home
I've been driving on the wrong side of the road for too long
I've been driving on the wrong side of the road for too long
And now it's time to go
Home
I've been driving on the wrong side of the road for too long
I've been driving on the wrong side of the road for too long
And now it's time to go
Home
