

# Hypnotised

**Franc Moody**

Locked tight  
Locked into your crosshairs  
I can feel your hands on me  
You're breaking my integrity

You say it will make me last longer  
You promise me I'll feel stronger  
You're feeling all and wonder  
You got me hypnotised I'm under  
You got me hypnotised I'm under, under

Transfixed  
Like a rabbit in the headlights  
Spiraling out of my control  
You're taking my mind body and soul  
Flip the switch  
Brainwashed by your headlights  
Overloading my mind I can't sit still  
You're taking ahold of my free will

You say it will make me last longer  
You promise me I'll feel stronger  
This way it will make me feel younger  
You got me hypnotised I'm under  
I'm under  
You got me hypnotised I'm under  
You got me hypnotised I'm under  
I'm under  
You got me hypnotised I'm under  
You got me hypnotised  
You got me hypnotised  
You got me hypnotised I'm under
