Progress
We're in motion
Slow progress
Find yourself
We're in motion
It's all out there
Find yourself

Keep moving on
Keep moving on

Never gonna stop, never gonna stop
Keep moving on, keep moving on

Keep moving on, keep moving on
Never gonna stop, never gonna stop
Keep moving on, keep moving on

Never gonna stop, never gonna stop
Keep moving on, keep moving on

Progress
We're in motion
You can't slow this
Find yourself
We're in motion
It's all out there
Find yourself

Keep moving on, keep moving on
Never gonna stop, never gonna stop

We're in transit, find yourself
In transit, find yourself
Keep moving on, keep moving on

Never gonna stop, never gonna stop
Keep moving on, keep moving on
Never gonna stop, never gonna stop
Keep moving on, keep moving on
