

Into The Ether

Franco Moody

See you on the outside
I may be gone for some time

Into the ether, no turning back
I may be gone for some time
So long
Into the ether, no turning back
I may be gone for some time

See you on the outside
I may be gone for some time
See you on the outside
I may be gone for some time

Into the ether, no turning back
I may be gone for some time
Into the ether, no turning back
I may be gone for some time

Make your soul breathe
Make your soul breathe
Make your soul breathe
Make your soul breathe
