

Baby Bangs

Frances Forever

Baby bangs are my kryptonite
Your big brown eyes on my right hand side
Behind the wheel you're behind my eyes
Cuz I'm thinking about you all the damn time

Pierced nose
Crooked toes
You laugh at my stupid jokes
Making me eggs and toast on the weekend
Loving me in ways that I never knew I needed
You stare
In the mirror
At me when I cut your hair
Trim it up nice, I'll never let it grow out
Lovin' me up and I'll never let you down

I want you around
Even if our castle falls from the clouds
Cuz you know that I like them

Baby bangs are my kryptonite
Your big brown eyes on my right hand side
Behind the wheel, you're behind my eyes
Cuz I'm thinking about you all the damn time

Baby bangs are my favorite type
I'll say it once and I'll say it twice
Squeeze my hand, please hold it tight
Cuz I'm thinking about you all the damn time

I had a premonition
Waking by your side
You're sleeping on my arm and on my sleeve
In my heart and in my dreams

I want you to be
As close to me as close could possibly be
Cuz you know that I need ya

Baby bangs are my kryptonite
Your big brown eyes on my right hand side
Behind the wheel, you're behind my eyes
Cuz I'm thinking about you all the damn time

Baby bangs are my favorite type
I'll say it once and I'll say it twice
Squeeze my hand, please hold it tight
Cuz I'm thinking about you

All the damn time
Cuz you're my kryptonite
I only got one type
All the damn time
I'll trim you up real nice
Holding you tight

It's your baby bangs

But it's more than that
It's the way you cry
It's the way you laugh
When I die I'll meet you in another life
Thinking about you all the damn time
