

I like your lipgloss
Can you give me a taste
Push back my side bangs
So I can take a look at your face

Can you be
Mean to me
I'm just a weeb
You're a celebrity
And your school picture
Is in my locker

Do I wanna be you or be with you?
Do I wanna be you or be with you?
And I'm obsessed with what you do
So do I wanna be with you?

(1, 2, 3)
Punch me in the face
Just so I can touch your hand
But I'm definitely not gay
I just wanna be in a band

Can you be
Mean to me
I'm just a weeb
You're a celebrity
And your school picture
Is in my locker

Do I wanna be you or be with you?
Do I wanna be you or be with you?
And I'm obsessed with what you do
So do I wanna be with you?

Blonde hair, brown eyes
UGG boots, hair ties
Dirty looks make me cry
I like telling lies

Blonde hair, brown eyes
UGG boots, hair ties
Dirty looks make me cry
I like telling lies

Do I wanna be you or be with you?
Do I wanna be you or be with you?
And I'm obsessed with what you do
So do I wanna be with you?
Do I wanna be you or be with you?
Do I wanna be you or be with you?
And I'm obsessed with what you do
So do I wanna be with you?
