

## Constant

Francesca Battistelli

I'm just a little bit afraid of where I'm going  
And it feels like a hurricane is blowing over  
Though I can't find the ground below  
I've lived enough to know  
I've lived enough to know

[Chorus]  
You're my constant in every moment  
Constant  
You've never failed me  
All my life  
You have never left my side  
You are my constant

Okay I really don't like change but I can't stop it  
I'm moving forward anyway with the promise  
You are the anchor for my soul  
That's all I need to know  
That's all I need to know

[Chorus]  
You're my constant in every moment  
Constant  
You've never failed me  
All my life  
You have never left my side  
You are my constant

Before I was a thought on earth  
You knew me then and You gave me worth  
When all of this is said and done  
You will be the One I'm standing on

[Chorus]  
You're my constant in every moment  
Constant  
You've never failed me  
All my life  
You have never left my side  
You are my constant
