

# Unpredictable

Francesca Battistelli

Got my thoughts, I got my words  
Got this head full of answers  
Got You wrapped up  
Got You under control

See my future like the past behind me  
I think I know where You're leading  
Don't need no questions  
Don't need no rocking the boat

But I just forget all the mystery  
I just forget who You are

When I know that I know  
What You have down the road  
When I'm sure that  
I've figured You out

Help me see that I'm small  
That I can't know it all  
'Cause You're so unpredictable  
'Cause You're so unpredictable

You said the foolish  
Would shame the wise  
To put my faith  
In what's beyond my eyes

And to believe You  
I have to come as a child  
So help me to rest in the mystery  
Of what I can't understand

When I know that I know  
What You have down the road  
When I'm sure that  
I've figured You out

Help me see that I'm small  
That I can't know it all  
'Cause You're so unpredictable

Can't wrap my mind around You  
Can't put You in a box  
Can't keep You safely contained, no

You're gonna move the way  
You wanna move today  
Just let me follow along

When I know that I know  
What You have down the road  
When I'm sure that  
I've figured You out

Help me see that I'm small  
That I can't know it all

When I know that I know  
What You have down the road  
When I'm sure that  
I've figured You out

Help me see that I'm small  
That I can't know it all  
'Cause You're so unpredictable  
'Cause You're so unpredictable  
You're unpredictable
