

# ALL

Francesco Yates

Through my sun and rain  
Where my tummy aches  
On my saddest days  
You're a remedy  
When I'm in sick  
And out of touch  
And the world's too much  
Baby, lift me up  
And I'm completed, yeah

And I know people change  
Just like the seasons, yeah  
But I feel like we're here now  
For a reason

So I'm giving you all, all of my love  
All of my love, all of my love  
I'm giving you all, all that I was,  
All that I am, all that will go.

When I can't sing the same  
And the world forgets my name  
Baby, you remain melody  
So when we get old and great  
Baby, come with me. Come with me  
I know you will stay, oh yeah  
Cause I know I'll stay down for you forever  
If life's a game, love's a prize we win together

So I'm giving you all, all of my love  
All of my love, all of my love  
I'm giving you all, all that I was,  
All that I am, all that will go.

So I'm giving you all, all of my love  
All of my love, all of my love  
I'm giving you all, all that I was,  
All that I am, all that will go.
