Bad Decisions

Francesco Yates

(You)

You say I'm the only one
Who can cure your lonely lust up, up
Said you're drunk and curious
I guess that makes two of us, uh, uh

Tryna keep it cool
But inside, I'm a fool
Because every time, every time I say I want ya
I dive deep where I can't swim
Into your love again
Just like every night, every night I did before
Still, I want you more

'Cause ooh, I got some bad decisions
I think I wanna make
If I can make 'em with you (you)
And ooh, I got some good intentions
And rules I wanna break
If I can break 'em with you (you)
I know you know what's on my mind
Let's do the wrong things right, ooh, baby
'Cause ooh, I got some bad decisions
I think I wanna make
If I can make 'em with you (you)

I'm used to the tour life
Why do you feel new tonight? Huh, huh
I think I'm gettin' too attached
But I'll never tell you that, huh, huh

'Cause I'm tryna keep it cool
But inside, I'm a fool
Because every time, every time I say I want ya
I dive deep where I can't swim
Into your love again
Just like every night, every night I did before
Still, I want you more

'Cause ooh, I got some bad decisions
I think I wanna make
If I can make 'em with you (you)
And ooh, I got some good intentions
And rules I wanna break
If I can break 'em with you (you)
I know you know what's on my mind
Let's do the wrong things right, ooh, baby
'Cause ooh, I got some bad decisions
I think I wanna make
If I can make 'em with you (you)

Dive deep where I can't swim
Into your love again
Just like every night, every night I did before
Still I want you more

'Cause ooh, I got some bad decisions
I think I wanna make
If I can make 'em with you (you)
And ooh, I got some good intentions
And rules I wanna break
If I can break 'em with you (you)
I know you know what's on my mind
Let's do the wrong things right, ooh, baby
'Cause ooh, I got some bad decisions
I think I wanna make
If I can make 'em with you (you)
