

I Got You

Francesco Yates

Yeah

Call me
When you're tired and lonely
And I'll make you feel lovely
When the world is on fire, yeah
'Cause, baby, I know
Through my madness and sorrow
All my darkness and wallows
You're what helps me get by, yeah
Oh, baby

'Cause in this digital life of disaster
Where connection has died, still, there's laughter
When I see you, I find what I'm after
It's right there in your eyes

You've got me saying ooh-ooh-ooh-ooh-ooh
No matter what we do-ooh-ooh-ooh-ooh
Or what I'm going through-ooh-ooh-ooh-ooh, yeah
Baby, it's alright because I've got you, oh

And when you let me down
(And when you let me down)
The sky could be falling
The world could be doomed
But it's us here right, yeah, yeah, yeah
And nothing else matters but the beauty of you

In this digital life of disaster
Where connection has died, still, there's laughter
When I see you, I find what I'm after
It's right there in your eyes

You've got me saying ooh-ooh-ooh-ooh-ooh
No matter what we do-ooh-ooh-ooh-ooh
Or what I'm going through-ooh-ooh-ooh-ooh, yeah
Baby, it's alright because I've got you, oh

I don't want nobody to love
If you can't be the one I love, yeah
If this world's over and done
You can be the heaven above, yeah
I don't want nobody to love
If you can't be the one I love, yeah
If this world's over and done
You'll be heaven above, oh, baby

Ooh-ooh-ooh-ooh-ooh-ooh
No matter what we do-ooh-ooh-ooh-ooh-ooh
Or what I'm going through-ooh-ooh-ooh-ooh-ooh, yeah
Baby, it's alright because I've got you, baby

Yeah, yeah, yeah, yeah
Said, I got your love
And even if the world was over
We'd still be alright

So it don't matter what I'm going through, yeah
I know it's alright because I've got you, yeah, yeah
