

# Late Night Love

Francesco Yates

Party after two  
Party after two  
Goddamn

You say that your boyfriend  
Don't treat you like a girlfriend  
So you called me up and  
Told me to put that work in  
I drive to the east end  
And then we get to creeping, oh

Seven inches deep in  
I can see my demons  
You got me believing  
I been catching feeling  
I leave then we pretend  
Again until next weekend, oh  
Because

I want your late night love  
I want you in the darkness  
I want your late night love  
I want you in the darkness  
I want your late night love  
That late night loving with you  
With you

I want your late night love  
I want you in the darkness  
I want your late night love  
I want you in the darkness  
I want your late night love  
That late night loving with you  
With you, you

You fucking me like I'm a groupie  
Do it like you never knew me  
Used to know all of my exes  
Now you get down for the new me  
[?] got me  
You got me feeling a vibe  
But I'm alright, yeah I'm alright  
I'll fuck you into the night

I want your late night love  
I want you in the darkness  
I want your late night love  
I want you in the darkness  
I want your late night love  
That late night loving with you  
With you

I want your late night love  
I want you in the darkness  
I want your late night love  
I want you in the darkness  
I want your late night love

That late night loving with you  
With you, you

You're playing with the power of lust  
Entangled in the trouble of trust  
Oh, baby girl it's all in the eyes  
Just us in the late night love

I want your late night love  
I want you in the darkness  
I want your late night love  
I want you in the darkness  
I want your late night love  
That late night loving with you  
With you, with you
