

# Thunderbomb

Francesco Yates

I see you coming in hot  
To put your fever on me  
You said got money or not  
Cause babe my body ain't free  
So come and charge me up  
I'm lightning, didn't you know  
I eat boys for fun  
So give me all the control

You looking for some trouble tonight  
I wanna do all the wrong things right with you  
Red louboutins, got it all going on  
I'm blowing up for you baby

Just like a thunderbomb  
Just like a thunderbomb, you struck me  
Just like a thunderbomb  
Just like a thunderbomb, you struck me

I see you walk my way  
With your little suffragette stare  
Know your rent, stay paid  
You hustle men and don't care  
You said it ain't that bad  
To use a baller or two  
Cause you're a rockstar beau  
But I'm a celebrity too

You looking for some trouble tonight  
I wanna do all the wrong things right with you  
Red louboutins, got it all going on  
I'm blowing up for you baby

Just like a thunderbomb (just like a thunderbomb)  
Just like a thunderbomb, you struck me  
Just like a thunderbomb (just like a thunderbomb, babe)  
Just like a thunderbomb, you struck me

Ooh, I like it  
Come on, on  
Yeah, thunderbomb

Just like a thunderbomb  
Just like a thunderbomb, you struck me  
Just like a thunderbomb  
Just like a thunderbomb, you struck me

Thunderbomb  
Thunderbomb  
Thunderbomb  
Thunderbomb  
Ooh, take it easy on me
