Francis And The Lights

For the lot in the silver
I don't wanna look to [?]
I know
From a fountain in silver
I would let you know
To a fine line
All that emotion
Do you run?
Does the conscience [?]
I'll be the last to know
To a fine line
He'll be last, yeah
He'll be last

Ooh-ooh, ooh-ooh, ooh
Ooh-ooh, ooh-ooh, ooh (Dream)
Ah, ah (Free, free, free, free, free)

Ayy, the first dimension
Ain't no left to [?]
If you can sense the distance
Keep it rational
If you can feel the fire (Keep it classical)
Keep 'em gassin'
He'll be last, yeah
He'll be last (Ah)

Ooh-ooh, ooh-ooh, ooh
(Yeah-yeah, yeah-yeah, yeah-yeah, yeah-yeah)
Ooh-ooh, ooh-ooh, ooh (Ooh, Dream)
Ah, ah (Free, free)

The robots, the robots, woo, ooh (Yeah)
I'm robosexual, I'm robosexual, I'm robosexual
That means that I could love a robot, yeah I would love a robot
(Yeah)
Did you know that there making the sex dolls (Sex dolls) that a
re so similar to humans
That in 10 years robots, like sex dolls, will totally replace I
nternet porn? (Ooh)
I'm excited for that day
That won't mean they'll replace—
No, I'm not saying that, I'm just saying
I'm just saying at a time that I would be masturbating I would
rather fuck a robot
(He'd rather fuck a robot than masturbate)
