

## Try Tho We Might To

Francis And The Lights

Try though we might to  
We try to  
Why do we lie to each other and try to?  
Try though we might to  
That's not the way time goes  
That's not the way time goes  
Why do we try to?  
Why do we lie to each other and try to?  
Try though we might to  
That's not the way time goes

You can never go back in time  
Try though we might to  
Why do we try to?  
That's not the way time goes  
Try though we might to  
Why do we lie to each other and try to?  
Try though we might to  
That's not the way time goes
