

Aurora Sunrise

Franco

I waited so long for this time
I want to turn with the tides
My waiting so long is over
This is our time

Fear I won't
Run with love
Fear I won't
Sit back relax
Steer I won't
Rock your boat
Still i fear I'm gon'
Rock you

I wanted to see sunrise
I wanted to feel sunlight
I waited to be with the ocean waves again

I feel so natural
This herb so natural
So arise all you daughters and the sons of the sea
Obliterate this negativity
And turn your life and your love into positivity
Hear what we say this 'ya irie way

I wanted to see sunrise
I wanted to feel sunlight
I waited to be with the ocean waves again

When life comes at you
Receive it all your might
What we have we offer
Receive it all back
Comeback

Fear I won't
Run with love
Fear I won't
Sit back relax
Steer I won't
Rock your boat
Still i fear I'm gon'
Rock you

I wanted to see sunrise
I wanted to feel sunlight
I'm willing to be with the ocean waves again
Again
