

## Best I Ever

Franco

Come and heal this pain of mine  
Hate to feel this pain of mine  
I only want to heal

The love that you give  
The best I ever had  
The love that you feed  
The best I ever had  
The best I ever

Come and heal this pain of mine  
Sinking in this pain of mine  
I only want to heal

The love that you give  
The best I ever had  
The love that you feed  
The best I ever had

Put your arms around me

I kinda like what you said  
Forevermore is never far

Ohohh

I only want to heal  
In time I'll heal  
I only want you here  
It's how I feel  
I only want you near  
In life I know  
I only want to heal  
There's love  
I only want to heal

The love that you give  
The best I ever had  
The love that you feed  
The best I ever had  
The best I ever
