

Blame

Franco

As time stood still
I'm walking pass the grave
Where my heart lives
You cover me
With your fainting touch
The shower of my tears
As I recall
I don't understand
The weakening of my soul

Want you here
Want to feel this ordinary love
Don't stop here
More I feel this ordinary love

Forget you forget me
Now time to forgive
Tremble my world
Forever you never
Just watch you sing
No time to cover

Want you here
Want to feel this ordinary love
Don't stop here
More I feel this ordinary love

You decide should I wake you
Or should I die with you
You decide can wait forever

Yes time stood still
I'm walkin' past
Agree as I

Want you here
Want to feel this ordinary love
Don't stop here
More I feel this ordinary love
