

Breaking For The Weekend

Franco

Had enough
Had enough fightin'
No matter what I do
You say I do to you
No matter what I say everyday a mistake
Had enough
Have you

Could you remind me of that place we once been
That feeling I crave
Unite and lift us up again
Could you

Fly away Euphoria
Fly away to Euphoria
No matter what I do
I scooby-do-be-doo
No matter what you say everyday I just get
High enough on truth

Could you remind me of that place we once been
That feeling I crave
Unite and lift us up again
Could you

So I...

I'm breaking for the weekend
I'll tear me inside out
I'll find myself tomorrow
And I'll dream aloud

I'm breaking for the weekend
So I
I'm breaking
How long how much longer
Will we float or go under now
I'm breaking this weekend
And I'll dream
