

# Elevate

Franco

There's something magical  
You're irresistible  
I just can't get enough of you  
The teasin' in your eyes  
The honey on your lips  
I'd die to be with you

So  
Let me stimulate your body  
Let me elevate your mind  
Let undress your body  
Let me hold you closer  
Let me stimulate your body  
Let me elevate your mind  
Let me undress that body

You're beautiful to me  
You're wonderful I see  
My everything surrounds you  
Revolves around You are my world  
You are my world

Let me stimulate your body  
Let me elevate your mind  
Let undress your body  
Let me hold you closer  
Let me stimulate your body  
Let me elevate your mind  
Let me undress that body

Take me to your hideaway  
Take me take me  
In your heaven I will stay  
So I can get to workin'

Let me stimulate your body  
Let me elevate your mind  
Let me undress your body  
Let me hold you closer

Let me stimulate your body  
Let me elevate your mind  
Let me undress that body

Let me stimulate your body  
Let me elevate your mind  
Let me undress that body  
Let me hold you closer closer

You're mine You're mine  
You're mine You're mine You're mine  
You're mine You're mine  
You're mine You're mine You're mine
