

Manipulator

Franco

Crazy
You're crazy by far
Slowly
Your dark side laid upon me
Clearly

Did you want me to know
In your eyes you're evil
Redirecting my mind
With your lies, my oh my

Romance
Hold me and starts
Slowly
You ripped my heart before me
Clearly

Did you wanted to show
In your eyes there's fever
Decorated my mind
With your lies, sweet surprise

You're a manipulator
Manipulate this evil
You're a manipulator
Manipulate my mind

In your eyes make a circle
I see you when I go in it

You're a manipulator
Manipulate this evil
You're a manipulator
Manipulate my mind

You're a manipulator
Manipulate this evil
You're a manipulator
Manipulator
(You're a)
Manipulator
(You're a)
Manipulator
