

# Sunshine

Françoise Hardy

I remember how it was  
We'd walk along the beach  
Each sunny day  
We held each others hand  
As we dreamed of our plans  
For a home someday  
We'd listen to the ocean roar  
From inside every shell  
Well, we had fun  
Digging round for clams  
Using just our hands  
Sometimes finding one

Sunshine, I love you  
I always will  
Can I be faithful  
Until  
We're together once again  
Someday?

He once packed a basket for our lunch  
And the punch  
Ran out the jar  
Got the chicken soaking wet  
Got himself all upset  
Till I'd kissed away the harm  
I would splash the water in his face  
Then he'd chase me  
For a while  
Suddenly I'd come and flop  
Waiting till he'd pick me up  
And we'd start to smile

Sunshine, I love you  
I always will  
Can I be faithful  
Until  
We're together once again  
Someday?

But summer days must come and go  
And though we wish it so  
Time won't wait for sighs  
So summer left and so did we  
We turned our backs to the sea  
And said our sad goodbyes  
Winter seemed so long and cold  
I watched the hours grow old  
And I think of you  
Sunshine, you're in my heart  
All the time we are apart  
Hope you're thinking too

[2x:]  
Sunshine, I love you  
I always will  
Can I be faithful

Until  
We're together once again  
Someday?
