

## Alabaster

Frank Black

She tried to make the world go faster  
She ended up all alabaster  
She tried to dance to super slow ball  
She ended up in limbo solo

She's afraid of a bite that was bitten  
She's afraid of volumes unwritten  
She's afraid  
At least that's what I say

She had to make the world a bit small  
The one that go beyond those four walls  
If she do, she'd take one with her  
So bring your own and maybe you'll go numb with her

She's afraid of a bite that was bitten  
She's afraid of volumes unwritten  
She's afraid  
At least that's what I say

She's afraid of a bite that was bitten  
She's afraid of volumes unwritten  
She's afraid  
At least that's what I say
