

Half Man

Frank Black

Don't blame me because
Don't blame me 'cause hey
I'm only human

And don't tell me the cost
Don't tell me 'cause hey, hey
I'm just a crewman
Out to sea

I am half man
I'm almost like you
But you'll be goddamned
When I'm through

Over the waves
Making my way
Out to sea

I am the last in line
That started with who?
With John Von Neumann

If it's the end of time
So be it but hey, hey
It was Truman
Who set me free

I am half man
I'm almost like you
But you'll be goddamned
When I'm through

It's a new day
So open the bay
And set this free
And set this free
And set this free
