

## Crowbar

Frank Carter & The Rattlesnakes

It's a trap  
And there's no comfort fitting in  
A fake safety that no one believes in  
And if it goes against who you think you are  
It's the death of happiness  
Go and get the crowbar

Get the fucking crowbar

It's a trap  
Get the fucking crowbar  
It's a trap  
Get the fucking crowbar

We all come from an explosion in the sky  
One day there was nothing and the next there was life  
And all the rivers and the mountains and the sun and the moon  
And then all of a sudden there's a cloud of doom

It's a trap  
Get the fucking crowbar  
It's a trap

It's a trap  
And there's no comfort fitting in  
A fake safety that no one believes in  
And if it goes against who you think you are  
It's the death of happiness  
Go and get the crowbar

It's the death of happiness  
Get the fucking crowbar

It's a trap  
It's a trap

It's the death of happiness  
Go and get the crowbar
