

# Juggernaut

Frank Carter & The Rattlesnakes

Draw an X on my forehead and cross me out  
Call me lonely and lost but I wanna be found  
For all those mistakes I could of made right  
I walk out and die on this stage every night  
Let me up let me up  
I wanna break my neck  
Cut me into pieces till there's nothing left

Even on my own  
You can't stop me  
Even on my own  
I am the juggernaut  
Even on my own  
You can't stop me  
Even on my own  
I am the juggernaut  
You can't stop me  
Even on my own  
I am the juggernaut  
Even on my own

Put a arrow in my heart  
And a spear in my side  
Cut my wrists and my throat  
Tear out my fucking eye  
Wrap me up in chains all soaked in petrol  
Well choking in the gallows like a wretched devil  
Nail me up for the world to see  
Set fire to the cross that is carrying me  
Hang me up, hang me up  
Go on and break my neck  
Cut me into pieces till there's nothing left

Even on my own  
You can't stop me  
Even on my own  
I am the juggernaut  
Even on my own  
You can't stop me  
Even on my own  
I am the juggernaut  
You can't stop me  
Even on my own  
I am the juggernaut

I am the juggernaut

Even on my own  
You can't stop me  
Even on my own  
I am the juggernaut  
Even on my own  
You can't stop me  
Even on my own  
I am the juggernaut
