

Supervillain

Frank Carter & The Rattlesnakes

Bordello on the floor, Valentino by the door
And your love is running down the hall
Naked as the day that she was born, yeah
She's says there's strobes on the dance floor, Molly in the punch
Girls straddling horses, just begging to be loved
Silver on my teeth, nightshade as my shadow
She whispers in my ear, "let me take you to the chateau"

Break her heart, make a monster
Don't move, you're an imposter
Sever the love and then you prosper
Reside, as they says, one day we will be stronger

Walk in the door, heavy gets to breathing
Up the stairs, louder gets to screaming
Open the curtains, visions getting bludgeoned
Sodom and Gomorrah is a warehouse in East London
Bordello on the floor, Valentino by the door
And your love is begging you for more

Break her heart, make a monster
Don't move, you're an imposter
Sever the love and then you prosper
Reside, as they says, one day we will be stronger
Break her heart, make a monster
Don't move, you're an imposter
Sever the love and then you prosper
Reside, as they says

Before I am a forbidden, wrestling with my demons
I feel like a good man, but I'm a fucking heathen
Standing in the bathroom, staring down the mirror
Who do you think I am? I'm a supervillain

Break her heart, make a monster
Don't move, you're an imposter
Sever the love and then you prosper
Reside, as they says, one day we will be stronger
Break her heart, make a monster
Don't move, you're an imposter
Sever the love and then you prosper
Reside, as they says, yeah
