

# Take It To The Brink

Frank Carter & The Rattlesnakes

Bartender, two shots please  
I need saving from myself and I'm already on my knees  
Need to rinse me clean from the inside out  
I'm inside out, all fear, no doubt

Fucking kill me, kill me, kill me, kill me really fucking slow  
Begging on my knees and that's the only way I know  
A demon in my head like the demon in my soul  
Two shots please, 'cause I'm ready to explode

Bang your head off of the walls now  
Pour yourself another drink  
Ignoring all the wake up calls  
All we do is take it to the brink

You say you don't feel well, ahahaha, me too  
You don't know how to cope but somehow you keep pushing through  
Your mind is dark, let me light it up for you  
You can't walk alone and you will never be brand new

Bang your head off of the walls now  
Pour yourself another drink  
Ignoring all the wake up calls  
All we do is take it to the brink

What does it mean  
If your life is a dream  
Then one day it turns into a nightmare?  
I've broken hearts  
And I can't live without them

What does it mean  
If your life is a dream  
Then one day it turns into a nightmare?  
I've made mistakes  
And I'm still paying for them

(Kill me, kill me)  
(Kill me, kill me)

Bang your head off of the walls now  
Pour yourself another drink  
Ignoring all the wake up calls  
All we do is take it to the

Bang your head off of the walls now  
Pour yourself another drink  
Ignoring all the wake up calls  
All we do is take it to the brink
