

A New Day's Coming

Frank Iero

I took a walk through the city one night
I saw some faces but I didn't want to be found
Her alley's juxtaposed with her lights shining so bright
That crowd camouflage ain't never let me down

I took a drive through the country one night
Saw the river beds all dusty and dry
Her banks were parched and the heavens went dark
And the clouds they began to cry
This is what they said

A new day's coming, a new day's coming, a new day's coming for
us
But don't be sad, leave your past in the past
Let that new day wash all over us

I took a trip to the back of my mind
And saw a man I didn't recognize
I know I got some bad coming, but I can't get hung up on that
Put my chips in and I let it ride
Take that ride

A new day's coming, a new day's coming, a new day's coming for
us
But make no mistake, yeah we've had some bad breaks
But a new day is bound to come for us
Baby, I'll get by

A new day's coming, a new day's coming, a new day's coming for
us
A new day's coming, a new day's coming, a new day's coming for
us
But don't be sad, leave your worst in the past
Let that new day barrel over us
