Best Friends Forever
Best Friends Forever
Best Friends Forever, but not now

We've always been such Best Friends forever
Best Friends Forever, but not now

I don't know what I did
Or what I said 'make you cry
I wish I could take all the pain away from your eyes

Things just don't seem right
When you're not by my side

Best Friends Forever
Best Friends Forever
Best Friends Forever, but not now

We've always been such Best Friends forever
Best Friends Forever
Best Friends Forever, but not now

Best Friends Forever
Best Friends Forever
Best Friends Forever, but not now

We've always been such Best Friends forever
Best Friends Forever
Best Friends Forever, but not now

Things just don't feel right
When you're not by my side
This world just seems too big for me when you're not by my side

I need you around.
