

She's the Prettiest Girl at the Party, and She Can Prove It with a Solid Rig

Frank Iero

I got my bags all packed and I'm ready to go
I'm standing outside of your figurative door
I'm ready for the flight or to fall off a cliff
But if it's alright with you I'd rather not miss out on us

Cause your face is all I need to stay sane
I've spent my life getting in my own way
So I could use something good,
I really need this to work out
Of course the way things have gone it might be smarter to just
cash out

But you're on my mind
And the things that you say hurt me most of the time
But I'm sinking fast so it's alright

I've tied my stomach in knots and I'm ready to know
I'll put it on the line if you'd just give it a go
Cause I want to be the only one to hold you so close and so tight
And if it's cool with you I'd really love to spend the night

You say you never wanna be saved
Well that's okay cause I wouldn't know how
Just know that the best that I'll ever be
Is whatever you make me and wherever you are

You're on my mind
And the things that you say hurt me most of the time
But I'm on your side,
Cause I know I'm not easy to deal with sometimes
But I'm sinking fast so it's alright

All we wanted was what we were
And what we were was young and naïve
I found my place in this world
It's in your wake, in your wake, in your wake

You're on my mind
And the things that you say hurt me most of the time
But I'm on your side
Cause I know I'm not easy to deal with sometimes
But once in a while I wish you would tell me if you even care
Cause I'm sinking fast, I'm sinking fast
I need you [x5]
I need you to know that I'm alright
