

## A Little In Love

Frank Sinatra

We've always thought we were only fooling,  
But look at us now at least a little in love.  
We've always said that our heads were ruling,  
And I don't know how but here we are.  
This I'll admit is a fine how-do-you-do,  
But this might be I-discover-I'm-for-you.  
And just as sure as it's more than fooling.  
It's quite a lot more than just a little in love.
