

Barbara

Frank Sinatra

Where there is sunrise, there is Barbara, only Barbara clothes
that way,
Where there is laughter, there is Barbara, always Barbara warm
and gay.
And when there's music, she is the song, the song I'm singing m
y whole life long.
There's no one just like her, like Barbara, only Barbara is so
rare.
Wherever she is, I'll be there.
There's no one just like her, like Barbara, only Barbara, she's
so rare,
Wherever she is, I'll be there.
