

# Together

Frank Sinatra

[She:] We strolled the lane together, last out the rain together  
Sang love's refrain together, and we both pretend it would never end,  
One day we cry together, that's why we sigh together,  
You're gone from me but in my memory, we'll always be together.  
[He:] We strolled the lane together, baby, we last out that rain together,  
Sang love's refrain together, we knew long ago that our love would grow,  
[She:] Through sun and storm together,  
[He:] Our hearts as one together,  
You're gone from me, but in my memory,  
[Both:] We'll always be together.
