

What Makes The Sunset

Frank Sinatra

What makes the sunset?
What makes the moonrise?
What makes the tide remember to hide and why does it soon rise?
What makes a star fall?
Where does it fall to?
Why does its flight make us stop in the night and wish as we all do?

And what holds a cloud together?
What makes the sky so blue?

What makes the sunset?
What makes the moonrise?
Is it my love for you?

And what holds a cloud together?
And what makes the sky so blue?

What makes the sunset?
What makes the moonrise?
Is it my love for you?
