Angel Falls

Frank Walker

I don't know where I going
But I know where I being
Going to heaven a thousand times
But they never let me in

I saw the streets of gold
And now the restless soul pretend way
Not tried so hard
But my reckless heart

And now the angel falls
And now the angel falls in love
And now the angel falls
Now the angel falls in love

I saw the streets of gold
And now the restless soul pretend way
Not tried so hard
But my reckless heart

And now the angel falls
And now the angel falls in love
And now the angel falls
Now the angel falls in love
Falls in love

And leave me up, break me down
Forever so long for me, yeah
Leave me up, break me down
Forever is you for me

And now the angel falls
And now the angel falls in love
