

# Angel Falls

Frank Walker

I don't know where I going  
But I know where I being  
Going to heaven a thousand times  
But they never let me in

I saw the streets of gold  
And now the restless soul pretend way  
Not tried so hard  
But my reckless heart

And now the angel falls  
And now the angel falls in love  
And now the angel falls  
Now the angel falls in love

I saw the streets of gold  
And now the restless soul pretend way  
Not tried so hard  
But my reckless heart

And now the angel falls  
And now the angel falls in love  
And now the angel falls  
Now the angel falls in love  
Falls in love

And leave me up, break me down  
Forever so long for me, yeah  
Leave me up, break me down  
Forever is you for me

And now the angel falls  
And now the angel falls in love
