

# I Wonder

Frank Walker

I know you're keeping secrets  
You're keeping 'em alive

Yeah each time we repeat it  
Don't it feel right?

The lights they keep on spinning  
At risk of paradise  
Yea I go crazy, I lose my mind

I wonder  
When your heart beats in my zone  
Would you make my night? Oh  
I wonder  
Would you stay or would you go? Oh

I wonder  
When your body comes in close  
Does it cross your mind, Oh  
I wonder  
Would you stay or would you go?  
Oh

I wonder  
La la la la la la la  
La la la la la la  
I wonder  
La la la la la la  
La la la, la la la

My mind's a pretty prison  
When I've got you and I  
I'm flirting with the vision  
Up in my mind

The room keeps getting smaller  
I'm locked in on your eyes  
Yea I go crazy, I go so wild

I wonder  
When your heart beats in my zone  
Would you make my night? Oh  
I wonder  
Would you stay or would you go? Oh

I wonder  
When your body comes in close  
Does it cross your mind, Oh  
I wonder  
Would you stay or would you go?  
Oh

I wonder  
La la la la la la la  
La la la la la la  
I wonder  
La la la la la la

La la la, la la la

I wonder  
When your body comes in close  
Does it cross your mind, Oh  
I wonder  
Would you stay or would you go?  
Oh  
Oh
