

Someone I Need To Know

Frank Walker

I woke up to an empty bed
Saw the clothes on the floor you left
I was sure that I knew you well
Guess I thought you were someone else

We spent the nights talking til we both fell asleep now I wish it was all a
bad dream
Had I known when we started where it all would lead I'd still follow you int
o the deep

I'd rather feel that Colorado breeze with you
I wanna get lost down in Mexico
I'd rather swim in your eyes til the day that I die
You're just someone I need to know

I need to know
I need to know
I need to know
You're just someone I need to know

I need to know
I need to know
I need to know
You're just someone I need to know

You're just someone I need to know

We've been making plans sitting on your floor
Old notebooks and Pinterest boards
I saw the future we were running towards
And we forgot what we were fighting for

We spent the nights talking til we both fell asleep now I wish it was all a
bad dream
Had I known when we started where it all would lead I'd still follow you int
o the deep

I'd rather feel that Colorado breeze with you
I wanna get lost down in Mexico
I'd rather swim in your eyes til the day that I die
You're just someone I need to know

I need to know
I need to know
I need to know
You're just someone I need to know

I need to know
I need to know
I need to know
You're just someone I need to know

I need to know
I need to know
I need to know
You're just someone I need to know

I need to know
I need to know
I need to know
You're just someone I need to know
