

# I Told You So

Frankie

[Verse 1:]

Today i got a message  
I was expectin  
Came from you  
Sayin you hate him  
But to get it verbatim  
I'd have to curse like you do  
Well  
I'm not sayin its your fault  
I'm not sayin he werent rwrong  
But before we go into that  
I wanna get my point across

[B sec:]

(what went down, never had to go down  
Down down down down)  
I didnt have to be this way  
You didnt have to see this pain  
Thats all around you now  
You was iggin me  
When it was drizzlin  
And now you feelin the rain  
Its like pourin on you  
Dont ever say i never warned you  
No

[Hook:]

I dont mean to rub it in  
But i told you so  
You asked me as a friend  
But i gave my best advice  
When i told you no  
Hes not the one for yous  
S'what i said  
But you had to find that out on your own  
You're so grown  
Well lemme guess  
He got what he wanted  
Left you alone and  
He dont call no more  
I told you so

[Verse 2:]

So i guess you feel bad enough  
As it is and you should cause i told ya  
And you're kickin yourself  
Right bout now over this  
Dont wanna see you hurtin this way  
Well i guess you'll know for next time  
Just what to do  
No matter how many opinions you get  
You'll know who to listen to

[B sec]

[Bridge:]

I can feel ya pain

I know you're hurt  
Hmmmm...  
Cause i've been down that  
Exact same road before  
Hmm....  
Oh...  
I'm just sorry i couldn't help save you  
From his low dirt  
Quit callin' for him  
You should call on ya girl  
Oh  
Yeahhhh

[Hook]

Uh huh  
But i told ya  
But i told ya!  
Yeah
